To Chairman Shanley & members of the committee,

I write to you to urge your support of Rep. Messier's bill to put forward a constitutional amendment the electorate can vote on in order to ensure every child in Rhode Island gets an adequate education. It's no large secret that Massachusetts has long been ahead of us because the right to an adequate education has been enforced for the past 30 years. As long as this is not law here in Rhode Island, no other curriculum reforms or state takeovers really make much difference. It's time this was put before the voter's so they can finally rectify this shortcoming.

Thank You,

Jordan Goyette
