To Chairman Shanley & members of the committee,

I would like to urge you to support Rep. Cassar's bill H 5640, which would extend the voting franchise to anyone who will be 18 by the time of the next election by allowing them to participate in the whole cycle. I think this is only common sense, if someone will be 18 before a general election, they should be allowed to participate in the primary of their choice that same year as well. Becoming voting eligible in an election year shouldn't mean you can't participate in the whole process.

Thank You,
