Re: SUPPORT for Community Solar Legislation - House Bill No. 5327 by Potter, Baginski, Felix, Batista, Ruggiero, Speakman, Knight, Kislak, Shallcross Smith, Fogarty

To Chairman Solomon:

Please consider this written testimony in support of community solar legislation that would take an important step forward for Community Solar in Rhode Island.

Community solar will create local jobs and will benefit the environment.

The primary purpose of community solar, which was passed into law in 2016 by the General Assembly, is to allow members of a community the opportunity to share the benefits (savings on their electricity bill and powering their household by clean energy) of solar power even if they cannot install solar panels on their property. As Rhode Island continues to move forward toward its clean energy goals by 2020 and beyond, we believe that this legislation is a critical step in that it will allow all Rhode Islanders – whether renter or owner, whether rich or poor – to be a part of our clean energy future.

Thank you in advance for considering this important proposal and please do not hesitate to reach out if we can provide any additional information to your committee.

Sincerely Yours,

Timothy Behan, P.E.
