Sir.... I am opposed to this bill 2021 H-5923 since I am fearful of the infinite number of ways this community could be impacted. We are all aware ,if we have lived for a long enough time, that big business CANT be trusted regarding doing what is needed to protect our environment. Until this technology has been THOROUGHLY tested and proven safe (which it has not been) I have NO DESIRE to have this place in my community.
