Subject: Bill 5923 Testimony

Dear Committee Members,

My name is Jay Ferguson, I am a local pulmonary physician and father of four children living in East Greenwich. I feel I have a duty to try and protect my family and my patients from the ill effects of high-heat waste incineration facilities. I urge you to pass Bill 5923.

I in no way support the burning of medical waste in Kent county or any other community in RI, in the US or internationally. It has been proven to increase the risk of asthma, lung cancer, lymphoma and many other adverse health conditions.

Kindly,

James Ferguson, MD
Pulmonary Physician
Newport Hospital
