**Subject:** Support for Bill H5923

Honorable Chair and Committee Members,

House Bill 5923 is good news for **all** of RI....depending on wind direction we will be breathing toxic chemicals if this Bill doesn't pass.

70 tons of medical waste(animal bodies included) daily from other New England states incinerated in RI should be to much, even, for Speaker Shekarchi.

You can stop It before it is too late.

Thank you for your consideration.
