Subject: Promise

Dear Committee,

I am writing in support of the Rhode Island Promise program and ask that you make it permanent. This will provide future high school graduates the opportunity to earn a college degree at CCRI. As the Building and Grounds Officer at CCRI I have seen the positive impact of the program. With enrollments declining over the past several years promise has stabilized our enrollment and the affect would be devastating to our students and staff if the program ended. Now with our country facing the worst public health and economic crisis ever we need to educate our young adults to prepare them for the future. I believe that the Promise program gives us the best path to get them there.

Thank You for your time and consideration.

Michael A. Archetto
