Dear Representative O'Brien,

Shea High School students have enjoyed the benefits of the Rhode Island Promise Program since its inception. As the guidance chair at Shea High school, I appreciate the opportunity it provides for our students to pursue post secondary degrees tuition free . We have seen an increase in students applying to CCRI for the Promise Scholarship and it has given them confidence so that they can pursue a challenging college pathway without hesitation and worrying about tuition costs.

We hear testimony every year from former students as to how the Promise Program has benefited their lives and careers. Many of our students are first generation, and CCRI gives them the chance to earn a degree and fulfill their American dream.

I wholeheartedly support funding this worthwhile program. Please feel free to contact me if I can be of any assistance, (401) 527-3350.

Sincerely,

Elizabeth Fasteson
