Subject: House Finance Committee - RI State Budget

Hello,

My name is Zoey. I live on the west end of Providence (Hudson St, 02909) - I was born here in Rhode Island and have lived here my whole life.

I am calling on the House Finance Committee to prioritize fair wages, housing, and unemployment benefits in the midst of this current pandemic. I urge you to reallocate funds from policing and prisons wherever possible. Supporting our community in times of crisis is critical; policing does not strengthen our communities.

Best,

Zoey
