Subject: Fwd: public comment on state budget

My name is Jeremy Harris.
I live in ward 10 of Providence.

I believe that the house finance committee should prioritize funding for

- **HOUSING**
- **ECONOMIC JUSTICE**
- **CRIMINAL JUSTICE**
- **EDUCATION**

by reallocating funding from/by

- the construction of new state police barracks
- the closing of the high security facility
- freezing new police hires
- canceling seemingly unnecessary expenditures such as increased stockpiles of ammunition
- all SROs in the Rhode Island school should be removed and contracts eliminated

I've signed my name on to the 2020 Rhode Island Justice Budget and direct the reader to it for further, more detailed information regarding problems within our state and their potential solutions.

Thank you,
J
