Subject: Eleanor Slater

To whom it may concern,

My name is Edward Manni. I'm writing this email in regards to my son who is a patient at the Eleanor Slater Hospital/Regan Building In Cranston, R.I.

My sons name is Eddie Manni. At the age of 28, my son was finishing up his work work day one afternoon when he had his first seizure. That seizure would be the first of many complicated seizures that would eventually cause him to go into a coma. He is still fighting his way through with the help of the medical team at Eleanor Slater. The medical equipment needed for my sons continuous care is only available at Eleanor Slater in Cranston. Please help advocate for my son who currently can't advocate for himself. Please don't take away the care that is currently keeping my son alive and giving him the care that he needs.

I'm so thankful for all the great care that he has received this far and pray that he will continue to have the medical equipment and care that he desperately needs.

Thank you,
Sincerely,
Edward Manni
