Subject: Cranston Adolf Mayer Building

Hello my name is Doreen Zackarian and I work for Eleanor Slater Hospital. I'm writing to you to please reconsider keeping Regan building opened for my Am patients I'm an IAP and before that I was a cna in Regan building I've been with the state for 10 years now and I really love working here in Cranston. I work on am8 at Adolf Mayer building and I'm pleading with you to please keep the Cranston building opened and not send us to Zambranno hospital for the reason being that's a very old building and it's a commute to get there on a daily basis. The Cranston building would definitely be a better fit for the psychiatric patients because we are close to the hospitals and the prison and close to Benton building aswell and I feel it's more equated for the patients a lot of them do not have family or advocates to speck for them and they feel we are like there family. I don't feel zambranno would be a good fit for the following reasons being it's far away from hospitals in case of crisis and it's way out in the sticks. Please consider keeping us at Regan permenitly for the sake of these patients. These patients would never make it in the real world they would be lost and some would land up dying or getting killed if in society aswell its just not safe for them and I really feel terrible about this whole situation this is all a big mistake and I'm a nervous wreck over this all. My heart goes out to these patients. Please please reconsider and keep Regan campus opened in Cranston. Thank you

Doreen B Zackarian IAP at Adolf Mayer Building my number is +14015801633 and my address is 1336 New London Ave Cranston.
