RE: H7246 AN ACT RELATING TO TAXATION-HISTORIC PRESERVATION TAX CREDITS 2013 {LC3829/1}

Dear Chairman Abney:

We are writing to encourage the House of Representatives to repeal the sunset of the State Historic Tax Credit. Rhode Island stands out nationally because of the quality of our built environment. People all over the world travel to cities like Providence that offer beautiful, historic settings in which to live, work and play. Our quality of life here is improved immeasurably by preservation. The Armory Revival Company has invested many millions of dollars, over almost thirty-five years, in historic buildings in Rhode Island and have during that time seen whole communities come to life. This would not have happened without both federal and state historic credits.

Thank you for your consideration and for all your hard work for Rhode Island.

Robert E Dupre, jr
