Mr. Chair and Representatives,

Please kill this anti-democracy bill.

Restricting voting rights during an ongoing pandemic (which has no end in sight)?

Everyone I know has a close family member or neighbor, etc., in quarantine or isolating long-term, on advice of the CDC and RI Health Dept.; and illness, of any kind, can strike and linger on its own schedule, not respecting this bill's tiny 12-day limit.

Even in a good year this bill would serve no purpose except to reduce the number of persons eligible to vote in a given election. Perhaps that is the intent.

Sincerely,

Susan Council
Providence 02903
