Good morning Representative Craven

I hope that you and your family are well.

Our coalition was delighted to see that Representative Slater's Fair Chance Licensing bill is in your committee this Tuesday as this issue is one that impacts myself and many Rhode Islanders. Personally, I may be able to pursue graduate school for mental health counseling should licensing reform occur and I am hopeful because working with people living with substance use disorder is important to me. We've collectively been online trying to figure out how to best navigate testimony for that afternoon in the midst of all of these Pandemic changes and we are grateful that it is being heard.

Our PAC is looking forward to advocating for policy reform next session and continuing conversations with you as well as many other outstanding members of the General Assembly.

Representative Craven we're also doing endorsements and we would be happy to endorse you if this is ok?

Best,

Haley McKee

Co-chair, Substance Use Policy Education and Recovery PAC
