To Chairwoman Williams & members of the Labor Committee,

I write to you to urge your strong support for a H 5719 by Rep. Giraldo, another great bill to combat one of the worst practices worker's face today: wage theft. It is one of the most egregious violations of the employer-employee contract and the general assembly should take any action necessary such as this legislation to root it out. The labor movement has been calling for much more government action to prevent this all too common crime from happening, and it is great to see there is already support for this bill from the committee's leadership. I hope you will swiftly bring it up for consideration.

Thank You,
