To Chairman Shanley & members of the committee,

I write to you today to urge your support of Rep. Kislak's bills to put the question of lowering the voting age down to 16 before the voters. I believe we should extend the franchise down two years because often many policy decisions lawmakers come to affect this population's very future. It is only right that they get the chance to have a say in how that future turns out. And if we want younger generations to be more engaged in civic duty, let's start the process younger.

Thank You,
