Subject: New Article for FY 2011 Appropriations Act

The Governor requests that a new article be included in the FY 2011 Appropriations Act (H-7397). This article would extend the municipal tipping fees for the Resource Recovery Corporation, enacted in the 2009 session of the General Assembly, for an additional year. Due to an oversight by the Budget Office, we were not aware that these new fees would expire as of June 30, 2010. In addition, the separate section of the general laws, 23-19-13, that provided the Corporation the authority to assess a tipping fee to municipalities was amended in the last session to sunset the section limiting the annual increase to 7.5% as of June 30, 2009. As a result, without the extension of these fees, it appears the Corporation would have the authority to charge any fee as of July 1, 2010.

This article would establish a new section under the Resource Recovery Corporation section of the general laws and delete the section called “Interim Rates” currently under Chapter 39-3 entitled “Regulatory Powers of Administration”. We believe this is the more appropriate section of law to contain this language.
