Subject: Amendments to the FY 2015 Appropriations Act (13-H-7133)

The Governor requests that Article 17 – Relating to Government Reform be amended as reflected in the attached version. The requested changes are shaded in grey and explained below.

Within Section 3, the amendment restores language relating to subcontractors based on discussions with union officials about the original intent of this language and why it is necessary to capture information about all privatization contracts. The remaining changes are intended to clarify the information that is required when agencies are reporting on contacts.

If you have any questions regarding this amendment, please feel free to call me or my staff at 222-6300.
