Subject: 38

I have been speaking with Steve Constantino regarding our project and he has been directed by Speaker to post for hearing next Tuesday the budget article for EDC. I told Steve we are nowhere ready for a public hearing and I am arranging for meeting with Gov and several EDC board members that will not happen until next Thursday. Also, I will be briefing Senator Daponte tomorrow. I will speak with Gordon and Mike Corso tonight with a request that we may not go the supplemental budget route, but instead drop legislation or place in FY2011 budget. The question is, will a month + delay loose the interest 38? I am very concerned that a hearing Tuesday is premature. Your thoughts? Keith
