Subject: Kevin Hulseberg - IN OPPOSITION TO BILL 5469

The proposed legislation is concerning from a property owner perspective. Basically the bill absconds my property without proper consideration. Property which I pay taxes on. As well it will devalue my property. The Supreme Court has utilized the mean high tide water mark as the marker, it is measurable. Myself and neighbors have had this point surveyed for the past several years and has prevented many disputes.

Regards
