Dear Dawn Huntley,

I oppose H7 150 because it limits the rights of Providence residents to eliminate the health risks associated with the noise and toxic chemicals caused by gas-burning leaf blowers.

I object to the corruption that underlies the way Councilmember AnderBois favored the RILNA rather than the citizens of Providence in order to gain campaign funding. Shame on her and shame on the legislature if they pass this resolution to silence democracy in Providence, rather than these obnoxious and dangerous leaf blowers, that should be regulated at the local level like any other source of pollution.

Sincerely,  
Caroline Castiglione
