You don't often get email from fixgeorge@yahoo.com. [Learn why this is important](#)

My name is George Wishart, and I live at 147 Benefit Street on the east side of Providence. I work from home, and experience the excessive noise, and awful pollution, from gas leaf blowers on a frequent basis. It goes on for 2 to 3 seasons of the year, and often starts as early as 7am, weekends included. It is unhealthy for the workers using this outdated equipment, as well as residents.

Passing a state regulation to limit local communities ability to regulate a quality of life issue is wrong. The needs of city residents are inherently different to that of a suburban or rural community. Thank you.

Kind regards,

George Wishart
