

Nathan W. Chace and Mary E. Chace - FOR - H-5254- Pomham Rocks Lighthouse license plate

The Honorable Kathleen Fogarty, Chair  
House Special Legislation Committee  
82 Smith St.  
Providence, RI 02903

Madam Chairwoman and Members of the Committee:

For 150 years Pomham Rocks Lighthouse has been guiding the way on Upper Narragansett Bay. Sitting off the shore and East Bay Bike Path in East Providence, it has been beautifully restored, and furnished as a museum. As committed members of the Friends of Pomham Rocks Lighthouse, who have been involved since its inception, we are eager to share this gem with the greater public. The Friends of Pomham Rocks Lighthouse is looking forward to offering tours to the Lighthouse, and believe that it will be a positive addition to Rhode Island's tourism goals.

Having a Pomham Rocks license plate, we believe, would help publicize this treasure. Currently H-5254 is being held. We urge you to pass this legislation.

Thank you for your consideration.

Sincerely,

Nathan W. Chace and Mary E. Chace  
7 Whipple Avenue  
Riverside, RI 02915
