Testimony in support of House Bill H-7015 as drafted.

Good afternoon. My name is Joseph Bacon, and I am a licensed Journeyman Electrician. I fully support House Bill H-7015 as it is currently drafted. I believe this Bill will protect skilled workers by requiring licensing and ensuring safety precautions for not only workers, but also the public. I encourage you to support this Bill as well.

Thank you for your time, Sincerely,

Joseph Bacon
