Subject: Written testimony in support of H 5043

Dear Representative Azzinaro,

I am submitting written testimony in strong support of House Bill H-- 5043. I feel that this bill will protect RI veterans and survivors from uncredited, for-profit, predatory, claims consultants who are seeking to exploit them for a share of their VA disability benefits. No veteran/survivor should be a target for this.

I am also a lifetime member of the VFW and DAV, these organizations offer a free service to veterans that for profit agencies are doing.

Thank you for reading this.
