Subject: Support for passage of H-5816

Dear Members of the House Corporations Committee,

My name is Gary Sabula and I live in Barrington, Rhode Island. I strongly support passage of **H-5816** as one component of Rhode Island's commitment to achieve 100% renewable electricity by 2033. Achieving this commitment is essential to reducing our dependence on fossil fuels, the primary cause of climate change which threatens the survival of life as we know it on our beautiful planet Earth. Passage of this bill will also strengthen Rhode Island's energy independence and create local jobs that pay well. For these reasons and others, I strongly urge you to vote in favor of **H-5816**.

Thank you for your consideration,

Gary Sabula
