Subject: In support of bill H-5816

To Whom it May Concern;

I, Joyce Greenberg owner and resident of 69 overhill road, Providence, am testifying in support of Bill H-5816 and offshore wind.

I am in favor of supporting and building a resilient local clean energy supply. And while all technology has its consequences, especially for our environment, building up our offshore wind supply can help reduce pollution, reducing fossil fuel dependence, and also create local jobs.

I strongly urge you to support this bill.

Thank you for your work in building a better future for Rhode Island.

Sincerely,

Joyce Greenberg
