Subject: No parrots in captivity at all

You don't often get email from kristine.mangan@gmail.com. [Learn why this is important](#)

Please do not allow any parrots or macaws to be sold at any pet stores, by breeders or brokers. I have been to Central America many many times and to see and hear parrots or macaws in their natural environment, there's nothing like it. This is where they belong and you don't hear them that often in this part of the world any longer. It is incredibly sad. They outlive us and this is a huge problem and are often surrendered, neglected or die due to mistreatment.

Please. No more. Not many Rhode Islanders have been to Central America as often as we have so please hear what I have to say.

Sincerely,

Kristine Mangan Olf
