Dear Lawmakers,

Please vote in favor of H-7334, banning the sale of parrots that come from a breeder or broker and are then being sold from a retail pet store. I visited a parrot rescue in West Warwick. Here perhaps 75 surrendered parrots are kept caged day after day. The volunteers are awesome providing care and toys to keep them entertained. This is a lot of work. Parrots should be left in the wild. Let's not add to these numbers of caged beautiful sentient beings.. Let's encourage adoption of those that are already in a rescue.

Thank you for your consideration,
Paula McNamara
