Subject: Support for H7727 from Barry Schiller

You don't often get email from bschillert358@gmail.com. [Learn why this is important](#)

Dear House Corporations Committee

I strongly support H7727 to create a Study Commission to investigate how to responsibly promote off-shore wind. It is common sense to try to do this, we have lots of wind, no local sources of fossil fuels in RI, it is sound economics to prioritize energy we have instead of exporting our dollars to import fossil fuels. Of course wind energy generation is also much less polluting

Barry Schiller, North Providence
