Subject: Support for H7727

You don't often get email from karenabryer@gmail.com. [Learn why this is important](#)

My name is Karen Bryer and I live in Providence. I'm writing to support the Offshore Wind Procurement Policy commission. It's time to establish the wind industry in Rhode Island for jobs, economic development, stable energy prices and reliability in our energy sources. Leaving the procurement to the energy companies is leaving the fox in charge of the hen house and allowing us to fall behind in the wind industry.

I urge you and your committee to move this bill forward.
Thank you.
