

My name is Jim Kingston and I reside in Providence, RI. I am writing in SUPPORT of House Bills H-7269, 7726, 7727, and 7879.

It is imperative that we do all that we can to get us on track to meet the goals of the Act on Climate, including the further expansion of offshore wind power.

I ask that when voting on these measures that you consider your children and/or grandchildren and the world that they could live in, rather than a short-term approach. Thank you for your consideration.
