

70 Carroll Ave. Unit 102  
Newport, RI 02840

February 6, 2026

Dear Chair Solomon and Members of the House Corporations Committee,

My name is Frank Romanelli, and I am a resident of Newport. I am writing to express my strong support for House Bill 7338, introduced by Representative Lauren Carson.

As an EV owner and a condominium owner in Newport, I believe that no Rhode Islander should be prevented from installing charging infrastructure at their own expense by an HOA or condo board. This bill provides the necessary framework to ensure that residents in multi-unit dwellings can participate in our state's transition to clean energy.

I urge the committee to pass H7338 to bring Rhode Island's "Right to Charge" protections in line with our neighbors in Massachusetts, Connecticut, and New York.

Thank you for your consideration.

Respectfully,

A handwritten signature in cursive script that reads "Frank Romanelli".
