

Testimony in support of H7331: PUC—Large Energy Use Facilities

Dr. Hans Scholl, 71 Fales Avenue, Barrington, RI 02806

Date of Hearing: April 7, 2026

To Chair Solomon and the honorable Members of the House Corporations Committee:

I support the bill because it classifies Large Energy Use Facilities (like AI data centers) and requires that cost related to serving the class will be billed to the owners of the facility and not charged to the other rate payers.

Please bring the bill to a vote in 2026.

Thank you very much for considering my input, and thank you to Representative Kennedy for introducing this important bill.

Dr. Hans Scholl
