Subject: Support for H8400 - Protect Quonset

You don't often get email from slittle0991@gmail.com. [Learn why this is important](#)

Good Morning,

As a resident of North Kingstown, I strongly urge you to support H8400. Furthermore, I request that this bill be amended to eliminate the expiration date of February 1, 2027.

The residents of North Kingstown do not want an unproven sludge pyrolysis plant in our town. Locating such a facility within the land controlled by the Quonset Development Corporation (QDC) is unacceptable due to the detrimental health and environmental hazards it poses to our community, our schools, and our sole water source.

I respectfully ask that you vote this bill out of committee, recommending passage by the full chamber during this legislative session. Please do the right thing for the citizens of North Kingstown and pass this bill. Show the residents of North Kingstown that you support them and want a safe, healthy future for them and their families.

Thank you for your time and service.

Best,

Sarah Little
