To Chairman Solomon & members of the committee,

The only bad thing to be said about this proposal is that it unfortunately wasn't brought up years ago. It likely could've been useful in preventing the closure of Memorial Hospital in my home town of Pawtucket. We've also seen the sale of both Fatima and Westerly hospital to private out of state firms, and now have the ongoing shadowy saga involving the proposed transfer of ownership by Fatima's owner, Prospect Chartercare. And now, we have the proposed merger between the state's two largest healthcare entities. It is an essential and extremely timely bill which the committee should consider quickly.

Thank You,
