Subject: Please vote and pass bills that help Rhode Island Children

Dear House Education Committee,

All the bills being heard on 1/26/22 are critical to the children of our state.

I strongly believe that all students in grades Kindergarten through twelve enrolled in Rhode Island public elementary and secondary schools should have access to high-speed Internet. Please pass H6666 out of committee and to the floor for a vote.

I also want to urge the committee to pass the following bills to the floor for a vote:

- H6621 (special ed advisory)
- H6667 (trauma informed teaching)
- H7018 (bus kids >2 mi)
- H7061 (no withholding college transcripts)
- H7062 (ALP/Covid)

Thank you.
