Dear Chairman McNamara and members of the House Committee on Education,

Please pass Rep. Ranglin-Vassell's important legislation HB 6667. This legislation will improve learning and achievement outcomes by many students whose lives have been impacted by trauma. Trauma can cause students to have difficulties in school ranging from loss of classroom time, emotional and physical barriers to learning, mechanisms of coping the lead to behavior challenges, and reduction in forming positive relationships and growth. Our schools should be a place of healing.
