Dear Chairman McNamara & members of the House Education committee,

I'd like to urge your strong support of the bill H 5936 you'll be hearing today from Rep. Ranglin-Vassell that will implement trauma-informed policies in schools. I personally come from a school district where this could have done a lot of good when I was still in high school back in Pawtucket. Much of the strife there I believe was due to trauma that never effectively underwent strong scrutiny or effective reconciliation. Punitive action was often taken in the aftermath of an altercation or other similar event. It's time to do things differently.

Thank You,
