Subject: House Bill 5739

Speaking as a Rhode Island taxpayer and citizen, I find it grotesque that Patricia Morgan's proposed bill 5739 is even being heard. She is simply trying to be contrary to common sense and common decency to gain some sort of notoriety... not taking into account that the bill is discriminatory and racially disgusting. It would set education back over 150 years in Rhode Island. Is that what we want to be known for ? Sincerely, Carolyn M. Lenihan
