I am writing in opposition of HB # 5688, 5738, 5739, and 5859. These bills being brought before the House, under the guise of parental rights, are intended to censor curriculum and silence teachers. As an educator of 36 years, I am in strong opposition to any law that restricts the freedom to teach the truth and limits what children are allowed to learn.

Please vote against these four proposed bills.
Thank you
Sincerely,
