Subject: HB 7726

Dear Education Committee:

I am Glenn Ramsey. We live at 355 Blackstone Blvd, #356, Providence, RI 02906.

I am in favor of HB 7726.

I feel all that can be done should be done before any school is closed.

The process needs student and community input. The process needs to be carefully conducted. The decision -- whatever the decision is -- needs to have everyone on board.

Thank you.
