

Hello,

My name is Kathy Strayer and I am writing to support House Bill 5836.

As a graduate of Providence Public Schools it was important to me to know the history and culture of my classmates as a way to build community and honor everyones heritage

We have rich history in the state of Rhode Island that w all need to know to be well rounded citizens who value all those who live in our state.

Thank you, I support the passage of HR5836

Kathy Strayer
