

Dear Members of the House Education Committee,

I am a resident of Scituate.

I am writing to you today to express my support for H5836.

I support this bill because learning histories of many different cultures strengthens understanding and provides both an opportunity for students of different heritages to be reflected in curriculum, but also creates a space for students to gain insight into the experiences and histories experienced by other ethnic groups. It is valuable and important, and deserves to be a part of high school education.

Sincerely,
Mary Capuano
