

Hello, my name is Susan Rohwer.

I am a parent of a 6th grader at Nathan Bishop Middle School in Providence, RI, and a parent organizer with Parents Leading for Equity in Education.

I am writing to support House Bill No. 5836 and urge policymakers to do the same.

As the mother of a Latinx child, who is also the grandchild of immigrants, it's so important that my daughter knows the history of how immigrants contribute to this country. Codifying this at a moment when the federal government is attacking and trying to erase the contributions of immigrants to education makes passage of this bill even more urgent.

Thank you for your attention. Please pass House Bill No. 5836.
