

Chairman McNamara and Honorable Committee members,

My name is Daria Phoebe Brashear; I live in the Edgewood section of Cranston. Today I write to you in opposition to House Bill 5837.

In short, parental consent is not a component of human sexual function; All our citizens, including those not of majority, are entitled to an opportunity to learn their own biology and we should not deny them that.

Please oppose bill HB5837.

Sincerely,  
Daria Phoebe Brashear
