Subject: Support for bill#H7415

I'm writing to express my strong support for the approval of bill number H7415.

I am a public school teacher in the Providence Public School Department, and I have seen firsthand what happens when millions of dollars are spent on big box charters. Students in the Providence Public School District suffer in a serious way. They lose in various ways such as supplies, opportunities, and programs. This is unfair to the already underserved population in an urban district. Our students deserve all of the resources available and when those resources are taken away and given to charters it is unfair. Please consider approving this bill, as the students of Providence depend on it!

Sincerely, Emily Eggleston
