Subject: I Support House Bill 7895

You don't often get email from corkiebolton@gmail.com. [Learn why this is important](#)

Hello,

I am writing in support of the Safe Schools Technology Act being heard today in the Rhode Island House.

I strongly support this bill because it gives families more transparency, more choice, and more protection when it comes to school technology use. I believe parents and caregivers should be able to track screen time on school devices, opt out of school-issued devices being sent home, opt out of online standardized testing, and have confidence that any digital curriculum being used in schools has gone through a thoughtful and rigorous approval process.

Technology in schools should support learning without replacing appropriate boundaries, caregiver involvement, and careful oversight. This bill is an important step toward making sure school technology is used in a way that is developmentally appropriate, transparent, and accountable.

Please support the Safe Schools Technology Act.

Thank you for your time and consideration.

Sincerely,
Cornelia Bolton
East Greenwich
