Subject: I Support House Bill 7895

You don't often get email from lindsaylacek@gmail.com. [Learn why this is important](#)

Dear Members of the House Education Committee,

I am writing as a Rhode Island parent to express my support for House Bill 7895, the Safe Schools Technology Act.

As technology becomes more integrated into our schools, it is important that families have transparency and reasonable choices regarding how devices and digital tools are used by students. Allowing caregivers to track school screen time, providing options to opt out of school-issued devices being sent home or used for testing, and ensuring stronger review of digital curriculum are all thoughtful steps that support student well-being and family involvement.

I appreciate the committee's consideration of this bill and hope you will support its passage.

Thank you for your time and for your work on behalf of Rhode Island students and families.

Sincerely,

Lindsay Lacek
